Sen. McManus announces infrastructure grants for Cadillac

LANSING – The city of Cadillac was awarded Community Development Block Grants totaling \$600,000 to make infrastructure improvements within the city limits, announced Sen. Michelle McManus, R-Lake Leelanau.

“This funding will help the city of Cadillac make much-needed improvements to its infrastructure and promote economic growth and job creation there,” McManus said.

The city received \$270,000 to make road improvements and increase sewer capacity to meet the needs of AAR Mobility Systems, a manufacturer of lightweight, deployable shelter systems used primarily by the military. The project is expected to create 150 new jobs at the Cadillac facility.

The city also was awarded \$330,000 for new pavement, curb, gutter, sidewalk and sanitary sewer improvements on Pine Street.
